Conceit of the Eskimos.

The missionaries tell me that the Eskimos are a most concelled race, and Eskimos are a most conceited race, and that their own opinion of their musical gifts is vary high. The first time the missionary's wife of whom I have spoken played on the piano for them, they exclaimed: "She plays almost as well as we." This conceit of the Eskimos makes the missionaries' task very difficult. What can a teacher accomplish What can a teacher accomplish when his pupils think they know more than he? The Eskimos do not even attempt to argue, but simply sbrug their shoulders and say with a super-cilious smile: "That may be so in your opinion, but——" And so, in spite of nearly 130 years of religious training, Oakland, Sept. 15.—Oakland won teday's game from Los Angeles by the score of 6 to 2 by bunching hits in the first, second and eighth innings. Hopkins and Nagle both allowed seven hits, but the visitors were unable to hit safe except many of them are still only quasi-Christians, and the traveler may still pick up curious bits of heathen folk among them. The missionaries have, however, undoubtedly wrought wonders; for to them is due every advance toward civilization made in this howling wilderness. The Huskies have been taught cleanliness to a certain degree .- Gustay Kobbe, in the Century.
